

La Jolla Golden Triangle Rotary Club

Service Above Self

Twenty-five dynamic years accomplishing a greater good in local and global communities

Chartered in 1986 during the formative years of the La Jolla Golden Triangle region, the Rotary Club associated with the growth and dynamics of this renowned area has become one of Rotary International's most highly accomplished clubs.

The La Jolla Golden Triangle Rotary Club is an organization of over 100 enthusiastic men and woman united in fellowship providing a broad range of humanitarian service and building lasting goodwill locally and globally.

Club leaders credit La Jolla Golden Triangle Rotary's track record of success to the club's principle of empowering members to follow their passion to accomplish a greater good in local and global communities.

La Jolla Golden Triangle Rotary is part of a worldwide organization of more than 1.2 million business, professional and community leaders who belong to a network of more than 30,000 Rotary clubs in more than 200 countries.

Unabashedly self-proclaimed as the "most dynamic Rotary Club in the world" La Jolla Golden Triangle Rotary is consistently one of the top-performing clubs not only in the San Diego/Imperial Counties District, but indeed in the world. The club consistently develops projects to improve health, well-being and self-sufficiency in our surrounding communities and beyond. Recent success includes:

- **Operation Pendleton** -- refurbishing barracks and meeting facilities at Camp Pendleton Marine Base.
- **Afghanistan Redevelopment** -- building schools, technology & other centers at university, and community-building programs in Jalalabad, Afghanistan.
- **South Africa Improvements** – developing water projects and healthcare programs for AIDS orphans.
- **Project Refuge** – assistance for local refugees with few resources after being granted asylum in the U.S. from violence and persecution in their native countries.

Those who have joined La Jolla Golden Triangle Rotary Club have found it a nurturing culture of fellowship that encourages members to follow personal and collective passions for service. Achievement-oriented professionals, business and community leaders contribute to and benefit from the club's highly-charged environment to implement positive, life-changing initiatives. This service oriented ethic leverages a connection to the broad resources of Rotary International, allowing club members to accomplish goals, experience intrinsic rewards, and have fun while doing good for others.

The club funds programs and projects through an array of resources. The highly popular annual event *Cheers for Charity* – a themed evening featuring wine/beer tasting, culinary specialties and an extraordinary silent auction – has become a “must attend” date on the community’s social calendar. Proceeds of *Cheers* and other fundraising activities are maximized through a variety of Rotary International grant matching programs and applied to charitable priorities identified by committed club members.

Lives Improved Worldwide
